

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE COMPLAINT OF MR. BOBBY FLORA     )  
AND OTHERS AGAINST THE SOUTH         ) CASE NO. 8990  
WOODFORD COUNTY WATER DISTRICT     )

O R D E R

By Order entered March 13, 1984, the Commission scheduled a hearing on April 5, 1984, at 10:00 a.m., Eastern Standard Time, in Hearing Room No. 2 at Frankfort, Kentucky, and directed the South Woodford County Water District ("South Woodford") to appear at the hearing and show cause, if any it can, why its meter size requirements and method of billing farm customers should be continued.

The Commission, having considered the matter and being advised, is of the opinion and finds that, since a decision in this proceeding may affect the revenue requirements, South Woodford should give notice of the hearing by publishing once a week for two consecutive weeks in a newspaper or newspapers of general circulation in its service area a notice setting forth the date, time, place and purpose of the hearing; said notice also to include a statement to the effect that should the Public Service Commission determine that its meter size requirements and billing method for farm customers are improper, a revenue deficiency could result, thereby requiring South Woodford to seek a rate increase applicable to all of its customers.

Alternatively South Woodford should mail to each of its customers a typewritten or printed notice containing the above information, said notice to be mailed no later than 15 days prior to the date of hearing.

IT IS THEREFORE ORDERED That South Woodford shall provide notice of the hearing scheduled April 5, 1984, in accordance with the finding herein.

Done at Frankfort, Kentucky, this 14th day of March, 1984.
